Advance Withdrawal Benefit (optional)

Access

The Advance Withdrawal Benefit is available for no additional cost with annuity income options that include a period certain guarantee.

Under the Advance Withdrawal Benefit, you may take a one-time withdrawal at any time prior to the end of the guaranteed period certain. The amount available for withdrawal is 25%-75% of the Withdrawal Value (present value of the remaining income payments in the Period Certain). The minimum withdrawal is \$1,000.

A withdrawal will reduce the amount of your annuity income payment for the remainder of the period certain. The reduction will be in direct proportion to the percentage of the withdrawal to the Withdrawal Value.

If you select a fixed Period Certain only option, your income payments will stop at the end of the guaranteed period. If you select a Single or Joint Life option with a Period Certain, your income payment amount at the end of the guaranteed period will return to the amount that would normally have been paid as if no withdrawal was made.
