This policy may contain restrictions, such as surrender periods.

SecureCare IV may not be available in all states. Product features, including limitations and exclusions, may vary by state. SecureCare IV includes the Acceleration for Long-Term Care Agreement and Extension of Long-Term Care Agreement. These two agreements are tax qualified long-term care agreements that cover care such as nursing care, home and community-based care, and informal care as defined in the agreement. These agreements provide for the payment of a monthly benefit for qualified long-term care services. These agreements are intended to provide federally tax qualified long-term care insurance benefits under Section 7702B of the Internal Revenue Code, as amended. However, due to uncertainty in the tax law, benefits paid under these agreements may be taxable. Please ensure that your clients consult a tax advisor regarding long-

term care benefit payments, or when taking a loan or withdrawal from a life insurance contract.

Additional agreements may be available. Agreements may be subject to additional costs and restrictions. Agreements may not be available in all states or may exist under a different name in various states and may not be available in combination with other agreements.

The death proceeds will be reduced by a long-term care or terminal illness benefit payment under this policy. Clients should consult a tax advisor regarding long-term care benefit payments, terminal illness benefit payments, or when taking a loan or withdrawal from a life insurance contract.
