Better rates for breast cancer survivors

About one in eight women in the U.S will develop breast cancer during their lifetime, and 1 in 43 of those women will die from it.¹ Despite the odds, through our research we've improved our guidelines for clients with stage 1 breast cancer. As a result, many stage one breast cancer survivors may now qualify for a Standard rating after just one year of being cancer-free.

Please keep in mind that the primary reason to purchase a life insurance product is the death benefit.

Life insurance products contain charges, such as Cost of Insurance Charge, Cash Extra Charge, and Additional Agreements Charge (which we refer to as mortality charges), and Premium Charge, Monthly Policy Charge, Policy Issue Charge, Transaction Charge, Index Segment Charge, and Surrender Charge (which we refer to as expense charges). These charges may increase over time, and these policies may contain restrictions, such as surrender periods. Policyholders could lose money in these products.

Insurance products are issued by Minnesota Life Insurance Company in all states except New York. In New York, products are issued by Securian Life Insurance Company, a New York authorized insurer. Minnesota Life is not an authorized New York insurer and does not do insurance business in New York. Both companies are headquartered in St. Paul, MN. Product availability and features may vary by state. Each insurer is solely responsible for the financial obligations under the policies or contracts it issues.
